YOUR MONEY BY CHECK

The bankers say, "pay your money by check". The people say, "What shall we check on?" The world yet has to solve the problem of confining the rapaci-

ty of the few to the detriment of the masses. It has yet to find a way by which the money amassed by the few through privileged special equipment and facilities, etc., may in some way be conserved for the entire human race. Capital and executive ability is entitled to its remuneration but so is labor. With armies in the field murdering each other, and untold horrors, the mind may revert to the case of an Indian burning a solitary individual at the stake and occasionally sticking pieces of red hot iron or stone into the flesh, with distinct pleasure. The horror of a massacre by red In-

dians where perhaps half a dozen men, women and children are murdered is a mighty puny sight alongside the massacre of the innocents in Europe. How much we have progressed in real civilization is yet to be computed and if we have advanced much, men have yet to discover the true yardstick that will measure "civilization". On the battlefield as in the industrial field, the men who shed their blood are the plebs. The rank and file produce and die in war. Why not reap an equal share of the benefits and returns, if any, from their labor in field and factory. Man's heaviest problem today is to discover how a man willing to work may be employed, and how one so employed, may be assured of spending his last days somewhere in reasonable comfort outside a poor house.

Help From University

Plans and specifications for the building of concrete silos will be furnished free of cost to any Missouri farmer who wants to build a concrete silo, upon application to the Agricultural Extension service, College of Agriculture, Columbia, Mo.

These plans have been prepared by the Department of Agricultural Engineering, and by their use, any man who is handy with tools can build a set of silo forms. The directions for using the silo forms are so simple that every farmer who will follow instructions may become his own silo builder. After the silo is finished the forms can be rented or sold.

In addition to supplying plans and specifications the College of Agriculture will, so far as possible, send a man to give personal assistance to those farmers who desire help in starting a silo. This man will oversee the setting of the forms and the proper mixing of the concrete. He will see that the reinforcement is properly placed and show how to raise the forms. He will stay on the job as long as his assistance is needed.

Farmers who receive personal help in starting concrete silos must pay the expenses of the man who gives the help. There will be no charge for his time. Arrangements should be made well in advance. Only a limited amount of assistance can be given and the College of Agriculture will follow the rule of "first come, first served." No help can be given until the foundation is in, but the building of the foundation requires no special supervision. Further information and bulletins on silos and silage may be had by writing to the College of Agriculture, Columbia, Missouri.

Methodists to Reunite?

The M. E. Church South and the M. E. Church of the north will be one again, according to predictions. Twenty-five bishops in charge of the M. E. churches throughout the country unanimously agreed Saturday at Des Moines, Ia., that the church should reunite. The formal ratification of this view by the general conference would make the churches one. They separated in 1847 over the slavery issue, which being dead for fifty years the heads of the church see no doctrinal differences in the two branches of the church. It is probable the union will be made.

Some years ago Conan Doyle wrote a book in which he indicated what the German submarines would do to England in case of war. Cleveland Moffett in the last issue of the Metropolitan magazine writes a story supposed to be from the diary of an English journalist, written in 1920, in which he gives the results of a hypothetical case involving Germany and this country. The article emphasizes strongly what the position of this country would be put up against the seasoned veterans of a triumphant Germany.

James F. Agee

James F. Agee, 75 years old, for years a prominent resident of Brunswick, died at the Woodland Hospital in Moberly Saturday after a short illness.

Mr. Agee was born April 2, 1840. He is survived by his widow, two daughters and five sons: Mrs. Victor Culbertson, Fierro, N. M., Mrs. T. L. Lowe, Silver City, N. M. James and Samuel Agee, Silver City; Russell and Eugene Agee, Santa Fe Springs, California, and James Agee of Clinton, Ill.

The remains were sent to Brunswick on No. 53 Saturday afternoon and burial was made at that place.

Robbed Grocery

The Myers grocery store at Glasgow was robbed last week of \$450 in cash and a small lot of groceries. The Chillicothe blood hounds in charge of the owner and W. S. Shipp of Triplett and went on the trail. As usual the dogs followed the trail for enough to show that the robbers left the building and escaped. Nothing further.

Brunswick Sewer Contract

The Brunswick city council let the contract last week for the sewer system to be laid in that town. The contract was let to G. W. Barkwell of Columbia for \$5,747. The highest bidder was P. Sorenson of Sumner who bid the job at \$7574, almost 40 per cent higher than the successful bidder. There were two bidders the \$5,000 class and five of the \$6,000.

Mrs. John Taylor was in Kansas City last week.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.

PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 84 Progress Avenue, Providence, R. I.

From Mrs. Maria Irwin, Peru, N. Y.

PERU, N. Y.—"Before I took Lydia E. Pinkham's Vegetable Compound I was very irregular and had much pain. I had lost three children, and felt worn out all the time. This splendid medicine helped me as nothing else had done, and I am thankful every day that I took it."—Mrs. MARIA IRWIN, R.F.D. 1, Peru, N. Y.

From Mrs. Jane D. Duncan, W. Quincy, Mass.

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. DUNCAN, Forest Avenue, West Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO.
(CONFIDENTIAL) LYNN, MASS., for advice.
Your letter will be opened, read and answered
by a woman and held in strict confidence.

Mike's Latest

Rev. Belond from PeeDee preached here Saturday night and Sunday.

There was no school Monday Mr. Cleeton the teacher had the mumps.

Artie Enyeart and family from New Hall and B. F. Payne and family spent Sunday at T. W. Enyearts.

C. G. Shacklett spent Sunday at J. D. Cowsers.

John Gandy wife and little son Alison called on Miss T. A. Graves Thursday afternoon.

Lorain Hains and wife were in Marceline Saturday and Sunday.

Ely Hedrick purchased a Ford car one day last week.

Misses Cordie and Cora Cowsers were shopping in Marceline Friday.

For Sale
Mantel Folding Bed Clean and good as new. Inquire at this office. 14-15

Stockers High

Cattle are selling at exceptionally high prices on the market both in the feeder and stocker classes. Two carloads of extra feeders weighing over 1100 lbs. went for \$8.35 last week at Kansas City. Stockers sold for as high as \$8.75. With fleshy steers selling for \$8.35 and lighter stockers going to \$8.75 the outlook is not very bright for the man who buys if he has to put much grain into his stock.

General Store

Percales, Ladies' Suitings, Men's and Women's Underwear, Suits made to measure, for men and women. Full Line of Groceries.

J. M. BARTON

Dalton, Mo.
